EASTERN ADVERTISING OFFICE 230
to 24 Temple Court, New York City
R. M. Z. Agent.MONEY IN CIRCULATION—TREAS-
URY STATEMENTS EXAG-
GERATED.

It has been stated by persons who have been in positions to know, among them a gentleman who was in President Arthur's Cabinet, that no living person in or out of the Treasury Department can tell even approximately the amount of greenbacks that have been or are now in circulation. The notes have not been registered and the Treasury books only give the amount authorized to be issued by the several acts of Congress. The Department, however, assumes to know to a dollar and periodically gives an array of figures to show what the per capita circulation is. The gold financiers assert that there is \$28.34 in circulation for every man, woman and child in the United States and the Treasury statements are quoted in support of the contention.

Representative W. C. Jones, who was elected to Congress by the Fusionists in the second District of Washington, questions the accuracy of the statements of the gold men and figures out the per capita circulation of legal tender money at \$11 or thereabouts. He proposes to definitely ascertain the amount and for that purpose has introduced a bill which provides that the paper currency issued prior to 1890, shall, within six months after the bill becomes a law, be returned to the Treasury Department for registration or redemption. All such currency not returned within six months shall be deemed to have been lost or destroyed, and if presented after the expiration of six months shall be redeemed at the rate of 95 cents on the dollar.

This is substantially the method adopted by States, counties and municipalities with respect to their warrants on which the interest ceases within thirty or sixty days after a call. A similar course was pursued by the National Government some years ago when the old Spanish silver coins, which had been a legal tender, were called in by the Treasury Department, and were receivable at their land offices and postoffices at their nominal value up to a given date.

Representative Jones says the chief object of the bill is to ascertain the amount of paper currency actually in existence. When the money trust began to run the financial affairs of the Government in its interest and withdrew millions of greenbacks, which were non-interest bearing, and substituted therefor Government bonds which bore interest, \$346,000,000 of greenbacks were supposed to be left in circulation. Though millions of greenbacks were lost or destroyed during or immediately after the war, the gold men in estimating the amount of paper money now in circulation invariably reckon the full amount of \$346,000,000 as if none had been destroyed. Congressmen Jones desires to know in the interest of the public if that estimate is correct and his bill provides the only practical method of determining whether it is or not.

SPANISH Government bonds, aggregating \$400,000,000, are in the hands of French, German and English holders. Spain shrewdly made the bonds dependent upon Cuban revenues. This, of course, enlisted the investors for the cause of Spain, and these influences, have, accordingly, been felt for a long time as opposed to the insurgent cause. Now, however, when it is found that Spain is unable to subdue the rebels, and that the security may go glimmering, the bondholders are reported as solicitous that the United States shall interpose to bring about peace.

SENATOR STEWART says "the Rothschilds syndicate is about to divide China among the gold standard nations of Europe. All the nations of Asia are to be reduced to financial slavery. The next movement will be to divide South America. What will then become of the free institutions of our country? What then can intervene to support the Monroe doctrine? The money syndicate which began its work with the downfall of Napoleon proposes to reduce the world to slavery."

ILLINOIS, in order to put a damper on the practice of enormous capitalization of new companies, makes an incorporation charge based on the total capital. Thus the American Steel and Wire Company which has just been incorporated on a capitalization of \$87,000,000 has to pay a fee of \$37,000. Although the fee is only one-tenth of one per cent, nevertheless it "runs into money," when the capitalization is large.

A. F. DOREMUS, the recent Republican candidate for Mayor of Salt Lake, had a suit planted against him by the Salt Lake Herald for an eighty-cent subscription account. The case was decided in Salt Lake last week, and he not only has to pay the eighty cents, but a considerable amount of costs as well.

ONE of the events of the new year is the closing of the mint at New Orleans. Henceforth the New Orleans establishment, it is said, will be conducted as an assay office only, and at a cost not exceeding \$15,000 a year. As a mint the pay roll amounted to \$10,000 per month.

The last payment to the Government of the amount due from the reorganization committee for the purchase of the Union Pacific Railroad has been made by check drawn on the Mercantile Trust Company for \$8,500,000.

SENATOR TELLER has broken away absolutely from the gold-standard Republican party. Senator Chandler ought to follow the example of Teller, and repudiate the party which is trying to perpetuate the dangerous gold standard in this country.

TELEGRAPHIC NEWS.

Senator Hanna appeared in the Senate yesterday and was cordially received. Senator Foraker of Ohio announced that Mr. Hanna had been elected by the Ohio Legislature to fill the unexpired term of Mr. Sherman. He then presented Mr. Hanna and asked that the official oath be administered. There being no objections, Mr. Foraker escorted the Senator-elect to the Vice President's desk. After the oath was administered Senator Hanna received the congratulations of his brother Senators.

A memorial from 512 Roman Catholic societies remonstrating a protest against the enactment of the Immigration bill was presented by Mr. Murphy of New York.

Mr. Harris of Kansas presented a resolution, asking the Secretary of the Treasury why he omitted since 1882 an item from his statement of something over \$10,000,000 interest due the Government from Pacific railroads.

Mr. Wolcott of Colorado and Chairman of the Bimetallic Commission, was recognized for a speech on the work of the Commission. He spoke for an hour and fifteen minutes and upon the conclusion of his speech he was congratulated. A resolution based on Mr. Wolcott's remarks was offered, but Mr. Lodge of Massachusetts insisted on the regular order of business.

The Immigration bill was then taken up and passed by a vote of 45 to 23. The House was occupied during the day with District of Columbia matters principally.

President Dole of Hawaii arrived at San Francisco by steamer yesterday. There was no demonstration in his honor and in fact not a single representative of the United States formally welcomed him. The forts fired no salute. To the press he said that he was not in this country to work for annexation, but will proceed to Washington and call upon the President, and, if called upon to give any information, he would do so. President Dole said he believed that the sentiment of the Hawaiians was increasing in favor of annexation. Some of the natives bitterly oppose it.

John Matthews, his wife and two children were found dead at their home in New York yesterday morning. It is believed that Matthews murdered his wife and children and then killed himself.

A shut down, the most complete in the history of the cotton mills of New Bedford began yesterday morning. 9000 hands are involved in the strike. The cause is owing to a ten per cent cut in wages. The mills at Woonsocket, R. I. and Biddeford and Lewiston, Me., are likewise closed.

Sanor DeLome, the Spanish Minister, reports that the trouble at Havana has blown over and everything is tranquil.

Dora Richardson Clay, the young wife of General Clay of Kentucky, returned to her home yesterday bespattered with mud and scarcely able to stand. General Clay held her in close embrace for a few moments and then took her into the house. It is believed that he will prosecute Clem Richardson to the full extent of the law.

Ed. Shaver is an artist in trimming up a window, as can be seen by looking at L. D. Folsom's show-windows. In one there is a large assortment of fruits, meats and canned delicacies, while in the other there are numberless useful articles from a toothpick to a crowbar or stovehook to a set of granite ware cooking utensils, all of which Mr. Folsom keeps in stock.

NEW POSTAGE STAMPS.

Subjects to be illustrated on Series for Omaha's Exposition.

The authorities of the Postoffice Department at Washington have determined upon the subjects which shall be illustrated upon the new series of postage stamps to be issued by the Department in commemoration of the Trans-Mississippi and International Exposition to be opened on the first of next June at Omaha. They are illustrative of the condition, progress and accomplishments of the great West from its discovery to our own day.

The series comprises nine denominations of stamps, as follows:

One-cent—The discovery of the Mississippi by Marquette.

Two-cent—An Indian chief.

Four-cent—A buffalo hunting scene.

Five-cent—The pathfinder, being a picture of Fremont raising the flag on the summit of the Rockies.

Eight-cent—A train of emigrants crossing the plains.

Ten-cent—A mining scene.

Fifty-cent—A cowboy and cattle.

One-dollar—A harvesting scene, or a great flouring mill.

Two dollar—The Rock Island bridge, showing part of the city of Omaha.

The Director of the Mint, who is required by special act of Congress to prepare the commemorative or souvenir medals for this enterprise, has recently approved the subjects to be illustrated and artists are now preparing the designs. The reverse will be a group comprising a mounted Indian spearing a buffalo. Above will appear the words "Trans-Mississippi" and below the date "1849." The obverse of this medal will show the head in profile of the typical young woman of the Trans-Mississippi region. The design is to be prepared by Rockwood by means of composite photography and the types are now being selected by the States and Territories of the entire region.

The medals, like the stamps, testify the progress of civilization from the beginning of things fifty years ago to the finest and most refined product of the half century. The medals are within the protection of all the laws against counterfeiting the coins of the Government.

THE LATEST FROM DAWSON.

Charles Lake Writes That Gold Don't Grow on the Bushes There.

Mrs. Charles Lake received a letter from her husband a day or two ago, mailed at Dawson City on the 27th of November.

Charlie writes that their party arrived at Dawson on the 1st of November all safe and well but that if the Lord would let him, he would get out of there at the first opportunity.

Their party procured two rooms at a rental of \$70 per month and in comparison with hosts of others are comfortably situated. They are well provided with food and comforts, but after a dreary wait of nearly four weeks had not been able to secure anything to do. The temperature had shown 51 degrees below zero and it was still dropping. Everything is overdone, or if there is a chance to make a dollar on the side, there is a pinch on it somewhere. He says disappointment reigns supreme on every hand and the only hope ahead is the opening of spring and that is months off yet, when some will try prospecting, while many will make an effort to return to civilization. The tone of his letter smacks strongly that many of the fairy stories regarding the country are fakes, pure and simple and that anyone contemplating the journey in the spring had better look before they leap.

Reception of the Twentieth Century Club.

The ladies of the Twentieth Century Club entertained their gentlemen friends in an enjoyable and elaborate manner last Saturday night at the club rooms in the Investment Building.

The President, Mrs. Michael, in a pleasing and original style bid the guests a hearty welcome. After the members responded to the roll call by quotations on New Year, Mrs. Powning in her usual easy manner gave a history of the club's progress, its aim and the work which it hopes to accomplish in the near future. Miss Merklinger was in good voice and her solo received an encore, to which she pleasantly responded. Mrs. Shearer favored the audience with one of her humorous recitations, which is always enjoyed.

One of Eugene Field's child poems was pleasantly rendered by Mrs. Logan in a style all her own. The duet given by Mrs. Frank Lee and Mr. O'Sullivan was fine and the certain encore was responded to. Mrs. Miller read a well written paper on "Our Guests." The gentlemen should feel proud of the compliments paid them, by her. Mr. O'Sullivan closed the program by a well selected solo and a hearty encore.

Dr. Stubbs and Mr. Powning were called upon to give a talk and caused much merriment in their response, and as Mr. Powning had come to eat, the President of the club said the program would be finished in the banquet room. Substantial and dainty refreshments were served. Covers were laid for over a hundred.

Dancing brought the evening's festivities to a pleasant close. Mrs. Sol Levy, the hostess of the evening, is a royal entertainer and all declared it a delightful occasion long to be remembered.

On the new postal cards there will appear, for the first time in any postal issue, the head of John Adams, the second President of the United States.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

BREVITIES.

Jno. Elliot of Carson arrived on the V. & T. last evening and continued west.

The University of California has increased its attendance by 131. There are 2,281 students attending the University and its professional colleges in San Francisco.

A Kansas man who was married recently, has relatives in St. Louis, named Damm. At the wedding, among the congratulatory missives read, was a telegram from St. Louis, saying "Accept the congratulations of the whole Damm family."

Considerable interest is now directed to the case of S. D. Worden, the train wrecker, who is sentenced to be hanged on February 12th. Ex-President Cleveland has asked Governor Budd to reduce the sentence to life imprisonment. The sanity of the prisoner is also questioned and is being inquired into.

Lost His Thumb in a Planing Machine.

August Shadler, a student at the University, met with a serious and painful accident yesterday afternoon at 3 o'clock. Shadler is a student in the Mechanical department and was at work yesterday on the planer. He was planing a piece of inch board when it slipped and his right thumb came in contact with the knife. The thumb was badly lacerated between the two joints and amputation was found necessary. Dr. Lewis was called and the thumb was dislocated at its base or first joint and removed.

Shadler stood the ordeal bravely although suffering severely. He expressed himself to Dr. Lewis, that he would rather have the thumb removed entirely than to have an unsightly stump remain, so the job was quickly done, the young man declining to take any anesthetic and coolly watching the operation.

Don't Address Greater New York.

The postal authorities have found it necessary to issue a notice that the consolidation of cities and towns, comprising Greater New York does not change the postal arrangements affecting the several localities. Letters and mail will be addressed as formerly. There are streets in New York and Brooklyn by the same name and by addressing simply to "Greater New York" without giving location, mistakes will surely occur.

A Good Idea.

In the future all the passenger cars of the Southern Pacific Company will be fumigated at the end of each trip by a patent process, for the purpose of destroying all disease germs. Several of the large Eastern railroads have adopted this plan for clearing their cars of possible disease germs, and it has met with strong favor by the Boards of Health and the traveling public.

Next Friday Evening's Entertainment.

The rehearsals for the entertainment on next Friday evening are progressing nicely and an enjoyable evening is assured.

There will be several attractive features other than those which have been announced and the patrons may depend upon full value for their investment.

An Irish sketch between Mrs. Carrie Clarke Ward and Mr. F. P. Dann will alone be worth the price of admission and the juveniles will simply be immense.

Remember that popular prices will rule, viz., 10, 20, 30 and 50 cents. Seats are now on sale at Lake's bookstore.

QUESTS FROM WAY BACK.

Some Amazing Stories of Their Blunders in Hotels of a Big City.

The clerks at several of the hotels tell amusing stories about some of the guests who come in from the rural districts. An aged couple came into the Moser and wanted a room. When informed that there was none, the woman turned to the man and snapped out: "It serves us right. We will have to walk the streets tonight."

When asked for an explanation, the man said that they had arrived that morning and paid for a room at some house in advance for the week. He said they forgot to take the number and street and had looked for three hours for the house and then given it up. They had not the slightest idea where the place was.

A man from Arkansas told the housekeeper at the Moser that he was going out and might not be back for supper, but she need not wait for him.

Another man came into the St. James and, seeing an advertisement on the blotter in the register headed, "A friend in need is a friend indeed," asked for the address.

"That's the man I've been looking for," he said. "I was robbed last night, and I want to borrow money to get home on."

A man at the Rozier apologized to the night clerk for keeping him up until 11 o'clock. He said he hadn't noticed how late it was.

A well dressed man at the St. Nicholas told the clerk that there was no oil in his lamp. It wouldn't light. A bell-boy went up and turned on the incandescent and told the guest that he had forgotten to turn up the wick. He acknowledged that he had.

A man and woman were registering at the Moser when a hackman came and asked them for his money for hauling them up from the Union station.

"Why, you ain't going to charge us, are you?" asked the man.

"Sure," cried the hackman.

"Didn't you ask us if we wanted to ride?" demanded the man.

The hackman said he had.

"Well, then," exclaimed the man, "what do you want us to pay for?"

The clerk explained matters and the visitor to the city paid the bill. He remarked that that was the first time he had ever known of any one being invited to ride and then asked to pay for it.—St. Louis Republic.

NO POLICEMEN NEEDED.

Only Two Thefts in Iceland in a Thousand Years.

In Iceland there are no prisons, and the inhabitants are so honest in their habits that such defenses to property as locks, bolts and bars are not required, nor are there any police in the island. Yet its history for 1,000 years records no more than two thefts. Of these two cases one was that of a native, who was detected after stealing several sheep, but as he had done so to supply his family, who were suffering for want of food, when he had broken his arm, provisions were furnished to them and work was found for him when able to do it, and meanwhile he was placed under medical care, but the stigma attached to his crime was considered sufficient punishment.

The other theft was by a German, who stole 17 sheep.

But as he was in comfortable circumstances and the robbery was malicious the sentence passed upon him was that he should sell all his property, restore the value of what he had stolen and then leave the country or be executed, and he left at once. But though crime is rare in Iceland and its inhabitants are distinguished for honesty and purity of morals there is, of course, provision for the administration of justice, which consists, first of all, in the sheriff's courts; next, by appeals to the court of three judges at Reikiavik, the capital, and lastly in all criminal and most civil cases to the supreme court at Copenhagen, the capital of Denmark, of which kingdom the island forms a part. The island of Pannaris, one of the Lipari group, is equally fortunate in having neither prisons nor lawyers and being absolutely destitute of both paupers and criminals.—Boston Transcript.

Versatile Dr. Bedloe.

Among the accomplishments of Dr. Edward Bedloe of Philadelphia, the American consul at Canton, China, is remarkable skill in mimicry. He can imitate with his voice the accent and mannerisms of speech of all the leading actors and orators as well as a number of musical instruments. His imitations of the twanging of a banjo are exceedingly accurate. Some years ago Dr. Bedloe was in a room at the Press club when several guests were being entertained in an adjoining apartment. He had been with the party, but had excused himself on the plea that he wanted to get his banjo. He proceeded to "play" a medley and did the imitation so well that the guests would not believe he had not actually performed on an instrument until he repeated the imitation in their presence. He is, moreover, a witty and brilliant conversationalist and a most entertaining raconteur. He has a wonderful memory and has never been known to tell the same story twice.—Philadelphia Press.

The oldest sailing craft in the world is the so called Gokstad ship, a Viking vessel which was discovered in a sepulchral mound on the shores of Christiania fjord. It is 1,000 years old.

(STATE LAND OFFICE, CARSON CITY, NEVADA, December 15, 1897.)

NOTICE IS HEREBY GIVEN THAT THE State of Nevada, under the Act of Congress approved June 15, 1850 (21 Stat. 257), has filed in the United States Land Office at Carson City, Nevada, List No. 184 of lands selected under said Act, and has applied for a patent for said lands; that a part of said list is open to the public for inspection, and a copy thereof, by descriptive sub-divisions, has been posted in a convenient place in said United States Land Office for the inspection of all persons interested and the public generally.

Within the next sixty days following the date of this notice protests or contests against the claim of said State of Nevada to any tract or sub-division described in the list, on the ground that the same is more valuable for mineral than agricultural purposes, will be received and noted by the Register and Receiver of the United States Land Office at Carson City, Nevada, for report to the General Land Office at Washington, D. C.

The following are the sub-divisions described, to-wit: SW 1/4 of NW 1/4, Sec. 15, and SW 1/4 of SE 1/4, Sec. 15, T. 24 N. R. 18 E. M. D. B. & M. - 40 acres.

State of Nevada, ss.

County of Washoe, Auditor of said county, do hereby certify that the foregoing is a true and correct copy of the delinquent tax list for the year 1897, and published according to law.

Witness my hand and official seal at Reno, in said county, this 16th day of December, A. D. 1897. B. C. SHEARER, County Auditor.

AUDITOR'S NOTICE.

To the above-named delinquent taxpayers and all owners of, or claimants to, the real estate and improvements when assessed separately, or personal property, the taxes upon which have been charged against the owners of real estate, or otherwise, when the amount of the delinquent tax, exclusive of poll taxes and penalties exceeds the sum of \$300, as above described. You are hereby notified that under and by virtue of an Act of the Legislature of the State of Nevada, entitled, "An Act to provide revenue for the support of the General Government of the State of Nevada," approved March 23d, 1891, and the Acts amendatory thereof, I have this day deposited with the District Attorney, in and for the County of Washoe, State of Nevada, a list of the above described property on which the delinquent tax, exclusive of poll taxes and penalties exceeding \$300, and that unless the delinquent taxes therein specified are paid to the Treasurer, as ex-Officio Tax Receiver, within twenty days from the date of publication of this notice, action will be commenced by the aforesaid District Attorney for the collection of said taxes and costs.

Witness my hand and official seal this 16th day of December, A. D. 1897. B. C. SHEARER, County Recorder.

OFFICE OF THE TREASURER AND EX-OFFICIO TAX RECEIVER, WASHOE COUNTY, NEVADA, December 24, A. D. 1897.

To the above-named delinquent tax payers and to all owners of or claimants to the real estate and improvements thereon, or improvements when assessed separately, heretofore described, known or unknown, and on which the tax does not exceed three hundred dollars. You are hereby notified that under and by virtue of an Act of the Legislature of the State of Nevada, entitled "An Act to provide revenue for the support of the General Government of the State of Nevada," approved March 23d, 1891, Chapter XCIX, Statutes 1891, amended February 27, 1893, Chapter LI, Statutes 1893, I will sell

On the Third Monday in January, To-wit: The 17th day of said month, 1898, in front of the courthouse door of the county building, in Reno, Washoe county, Nevada, each of the described tracts or parcels of land, with the improvements thereon and improve-

ment, when assessed separately, to recover the amount of tax and ten per cent delinquency, assessed to said defendants against said property for the fiscal year commencing January 1st, 1897, and ending December 31st, 1897, together with cost of publication of this notice, unless payment of said tax, delinquency and costs be paid to me prior to the hour of sale on said 17th day of January, 1898. The said sales will be made between the hours of 9 o'clock A. M. and 5 o'clock P. M., to-wit: at the hour of 1 o'clock P. M., to the person taking the smallest quantity of property and paying the taxes and costs of the whole. Such sale is subject to redemption within six months after the date of sale by the payment of all such sums, with three per cent per month thereon from date of said sale until paid.

The above is a list of the names of persons to whom the property is assessed, a description of the property upon which the taxes are due and the amount of the tax that is due.

D. B. BOYD, County Treasurer, Washoe County, Nevada.
